## CORPORATE FINANCE

Fall 2024

### Homework-Learning Objectives

Due Date: September 15, 2024 (Sunday)

---

In no more than ONE page, please (1) briefly describe your background and future plans; (2) explain your motivations for choosing the double-degree program and for taking this course; and (3) state what you wish to learn from taking this course.

You may feel free to share your thoughts/experience related to corporate finance with me or provide other relevant information that you would like me to know.

You are encouraged to attach a recent photo if you want me to better recognize your class performance (my memory works better with a visual cue).
